Tribal

Tribal

Based on travels around the globe Lucy Vaughan, owner and creative director of Vaughan Designs, has collaborated with her daughter Emma to form The Tribal Collection. Focusing on an array of vibrant lampshades, exquisitely embroidered cushions, and unusual upholstered chairs, it aims to celebrate the craftsmanship and culture of the fabrics they have sourced, while maintaining Vaughan's values of unparalleled quality and attention to detail.

Each lampshade is selectively handmade, with limited runs of fabric, to ensure you are met with a unique and timeless piece of craftsmanship.

Carefully embroidered and woven cushions are available in a range of sizes, while upholstered slipper chairs are made to order in a variety of colourways.
