# CASCADE Design Elements

Designed to entice a sense of calm and tranquility into interior spaces, the Cascade Collection of bedroom, dining room, occasional, entertainment and home office pieces create an elegant – yet livable – retreat from the modern day, fast-paced lifestyle.

Characterized by its light and airy neutral color palette, the collection is presented in three finishes: Terrain, a soft taupe; Pebble Beach, a lacquered burlap; and Chalk, a cast resin in a sandblasted pine motif.

A variety of mixed materials including oak, lacquered burlap, metal accents and champagne-tone hardware add to the collection's modern styling that can easily find its way into a variety of interiors across the country.

The collection's namesake, Cascade, was inspired by the intentional flow match oak veneer on the front of many of the silhouettes that 'cascade' across the pieces. In a fast-paced world that never seems to stop moving, Cascade was designed to inspire us to slow down for a moment and create a place of retreat in the most important place of all – our homes.

Two styles anchor the bedroom collection, including a panel and a sleigh bed. Featured in Terrain, the headboard and footboard of the panel bed include champagne metal inlays, creating a sophisticated contrast between the materials. The sleigh bed is defined by its lacquered burlap Pebble Beach finish, that is

paired with Terrain around the perimeter – creating a statement piece that keeps to its natural roots. Additional bedroom pieces include four nightstand designs, two six-drawer chests, two six-drawer dressers and a four-drawer bachelor's chest.

Two dining table styles including a rectangular and a pedestal table highlight the stylish, yet serene pieces in the dining category. The rectangular table is finished in Terrain and features a refined, modern style popular among today's consumer. The pedestal table is defined by its unique base that induces a retreat-style

to any dining space. Dining chair options include a more traditionally-styled exposed wood arm and side chair with an upholstered seat. The coordinating side chair features subtle curves that accentuate the sophisticated lines of the piece. Storage pieces include a server, display cabinet and four credenza styles.

Highlights of the occasional, home office and entertainment pieces include an accent chair with a unique cutout back, three console tables, three end tables, three cocktail tables, an entertainment console, a writing desk and a filing cabinet with a bookcase hutch.

As soothing as water falling from a steep rocky slope, the Cascade Collection was designed to spark zen, tranquility and calmness in any living space.

## Fabric

Upholstered items in Cascade feature "Performance Fabrics" that offer superior stain and fade resistance, long-lasting durability and can be easily cleaned.

## Quality From Start To Finish

Of all the aspects of wood furniture, the finish most visibly reflects its character, quality and style. While the finish is one of the last things we do, it's the first thing you see. That's why at Hooker, we utilize a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes "feel" as good as they look, with a smoothness that is delightful to the touch.

## Wood & Veneer Construction

Many of our furniture items are constructed of hardwood solids and veneers or hand-painted finishes over durable wood products such as medium density fiberboard (MDF) and particle board. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture. Due to a wide variety of wood species and decorative designs used in our furniture styles, variations in construction are possible.
