

**VAUGHAN**

*Lymington Chandelier Collection*

*The Lymington chandelier range is an outstanding new collection from Vaughan.*

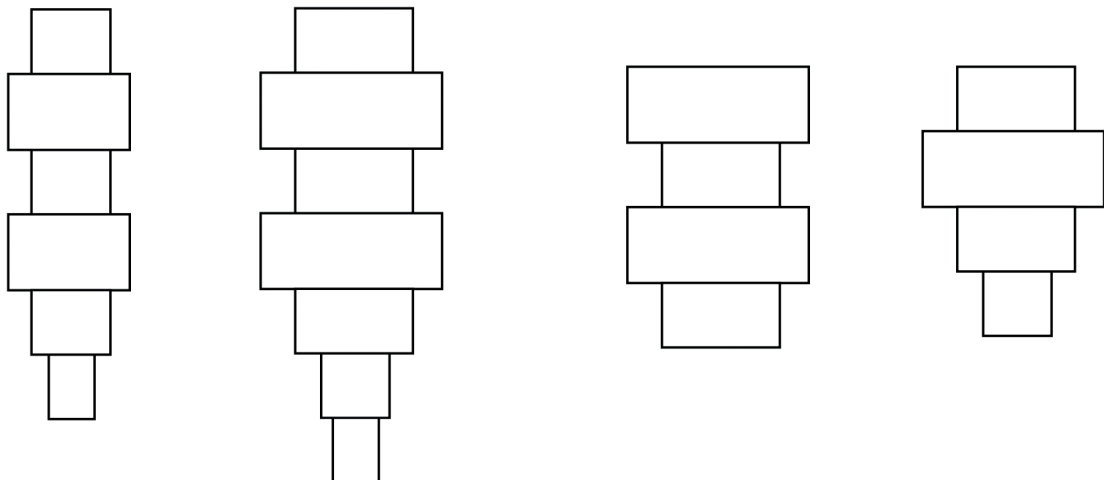

*Available to order in one tier, two tier, four tier, five or eight tier standard versions. This range of sizes gives variety of choice and versatility for projects large or small.*

*Each chandelier has a nickel plated steel frame from which textured columns of clear glass hang to create an exquisite waterfall effect.*

*Lymington chandeliers are an outstanding centrepiece to any room, staircase or hallway giving maximum visual impact and wow factor!*

*Lymington chandeliers can also be custom designed in a variety of special order sizes to suit a specific space. There are four diameter tiers (300mm, 500mm, 700mm and 900mm) that can be arranged in many different formats to create an individual design.*

*Examples:*

*If specified, alternate tiers can be wired so that they can be switched on & off or dimmed independently. The chandeliers can also be supplied with LED bulbs.*
