CALÉ(E), designed by POOL suspensions - pendants

UN SAVOIR-FAIRE RECONNU ET RECHERCHÉ

La qualité du matériau et la perfection des lignes sont les qualités premières qui inspirent les clients de CVL. Forte de six décennies d'expérience, notre équipe de trente-cinq salariés s'applique au quotidien à préserver et enrichir notre savoir-faire unique dans la fabrication de luminaires en laiton, au sein de notre unité de production installée près d'Angers, dans la région Pays de la Loire... Les artisans de CVL sont tous des hommes et femmes de l'art, passionnés par leur métier. Ils fabriquent l'intégralité des collections à la main, dans la maîtrise de gestes minutieux, au sein d'ateliers à la frontière de l'orfèvrerie et de l'industrie.

Nos clients, architectes et décorateurs, plébiscitent nos luminaires dans le cadre de leurs projets, résidentiels comme hôteliers ou tertiaires. CVL peut s'enorgueillir de sa présence dans des résidences privées de standing en France et à travers le monde. Nous sommes honorés, par ailleurs, de participer à de nombreuses rénovations hôtelières de prestige : Waldorf Astoria, Marriott, Four Seasons, Crowne Plaza, Groupe Accor, pour n'en citer que quelques-uns, nous ont fait confiance. Les luminaires CVL sont également prescrits pour des aménagements tertiaires tels que des sièges sociaux, immeubles d'entreprises, restaurants, et boutiques de luxe (Aéroports de Paris, boutiques Cartier, Boucheron, Harrods, ...)

Nous remercions nos clients pour leur confiance en notre expertise et en la qualité irréprochable de nos produits.

A RECOGNIZED AND SOUGHT-AFTER KNOW-HOW

The quality of the solid brass and the perfection of the lines are the primary qualities that inspire CVL's clients. With six decades of experience, our team of thirty-five employees works daily to preserve and enrich our unique know-how in the manufacture of brass lighting, within our production unit located near Angers, in the region of the Loire Valley... The craftsmen of CVL are all men and women of art, passionate about their profession. They manufacture all of the collections by hand, mastering meticulous techniques, in workshops on the border line between goldsmith and industry.

Our clients, architects and decorators, praise our lighting as part of their projects, both residential and commercial. CVL can be proud of its presence in luxury private facilities in France and worldwide. We are honoured to take part in prestigious hotel renovations: Waldorf Astoria, Marriott, Four Seasons, Crowne Plaza, just to name a few, have placed their trust in CVL. Our lightings are also commissioned for restaurants, commercial projects, headquarters and luxury boutiques (Paris airports, boutiques Cartier, Boucheron, Harrods...)

We would like to thank our clients for their trust in our expertise and in the high quality of our lightings.
