AMERICAN LIFE

Elements

From farm-to-décor looks to rustic luxe, AMERICAN LIFE evokes a sense of community, easy living and authentic craftsmanship.

Roslyn County: This classic farm-to-décor collection offers heirloom quality and hand-crafted appeal with a simple style that demonstrates how Americans are living. Roslyn County is crafted in walnut and hickory, waxed and luxurious to the hand. Embracing authenticity, Roslyn County offers several intentionally 'deconstructed' pieces to create a sincere, approachable style. The most iconic piece is the Deconstructed Upholstered Bed.

In addition to the bed, other deconstructed pieces include an upholstered dining bench, office tilt-swivel chair, counter stool and a host chair. In all of these pieces, exposed rails and beams create drama on the back, allowing the pieces to float in the room.

Roslyn County's big-scale pieces will be at home all across America. Trestle bases, planking, rake-back spindles and marquetry add interest to the simple lines of Roslyn County. Metal-bar hardware in an oil-rubbed bronze finish with bolts on the ends complete the look.

Urban Elevation: This rustic luxe collection will appeal to sophisticated professionals who want to capture the serenity of hometown charm and tranquil atmospheres wherever they live. In a smaller-scale approach, Urban Elevation is crafted of resawn maple, waxed and luxurious, along with waxed aluminum, small nails and solid maple hardware with exposed bolts. Soft, aluminum-wrapped legs distinguish the dining table, along with metal accents on other pieces. Adding to the serene, light color palette is a white plaster accent finish on several pieces including a chest and entertainment center, providing a cool contrast with the maple finish and the maple hardware with rustic bolts.

Crafted: Inspired by the authenticity of today's American living experience, Crafted interprets a growing trend in the U.S. where supporting local businesses, building a sense of community and local charm are becoming increasingly more appealing to consumers.

As this "New Local" trend continues to trickle down from booming cities like Nashville and Austin, trendy urban hangouts are popping up in towns across the U.S., where old factories are being revamped into trendy apartment buildings and the local coffee shop, craft brewery or distillery are emerging as the "go-to" hotspots for socialization and entertainment. These local hangouts are the inspiration behind the Crafted collection.

Constructed of poplar solids and oak veneers in a finish that is reminiscent of a bourbon barrel burnished over time, the collection features authentic design details including aluminum accents with a heavy copper patina, aged leather accents, leather-wrapped hardware and heavily distressed textured finishes that provide an authentic, aged character.

Crafted includes pieces for the bedroom, dining room, home office and home entertainment areas, and occasional pieces for the living room. A unique storage piece includes a bar cabinet, taking cues from the wooden floors and countertops, antique copper flooring and wood paneling that can be found in trendy hotspots like craft breweries and distilleries.

Amani: Inspired by a sophisticated approach to a life of leisure, the collection's modern, yet casual style evokes memories of a place of refuge and retreat with its tranquil mix of organic materials and soothing wood tones. The collection includes dining room, occasional and accent pieces.

Characterized by a mix of natural materials, the group includes stone, sandblasted capiz shell accents, raw metal details in a soft zinc finish, natural jute rope and lattice details. Combined with natural pecan veneers in three calming tonal finishes: Brie, a grey-tone with organic reeded details, Chakra, a casual white with weathered distressing and Almond Buff, a lime washed tonal finish with subtle texture, Amani creates inviting spaces that epitomize a life of leisure.

Quality

Quality From Start To Finish

Of all the aspects of wood furniture, the finish most visibly reflects its character, quality and style. While the finish is one of the last things we do, it's the first thing you see. That's why at Hooker, we utilize a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes "feel" as good as they look, with a smoothness that is delightful to the touch.

Wood & Veneer Construction

Many of our furniture items are constructed of hardwood solids and veneers or hand-painted finishes over durable wood products such as medium density fiberboard (MDF) and particle board. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture. Due to a wide variety of wood species and decorative designs used in our furniture styles, variations in construction are possible.
