WITH
SELETTI

The irreverent and visionary spirit of DIESEL found in SELETTI its ideal universe: together they revolutionised the style. The creative team of Diesel Living works closely with the design team from Seletti on a collection which represents the perfect fusion between Diesel's lifestyle and Seletti's creativity and know-how.

The collaboration between Diesel Living and Seletti is an explosion of personality for homes and interiors; a mix of industrial style, dark and adrenaline filled rock & roll with a splash of bright-toned, mischievous pop.

The style of the vintage look, together with the clash of aesthetic add prestige; textures and surfaces hold surprises; furniture and objects communicate a bold and provocative spirit... for a successful living.

The kitchen celebrates the workshop and makes the home look like a construction site. Have fun now, Work is Over!
