ELEVATE

Fine Art Handcrafted Lighting has created a collection destined to inspire. "Elevate" establishes a platform that can unlock design concepts in unlimited vertical and horizontal spaces. The suspension of uniquely designed elements in American studio glass allow for infinite opportunities in space design. From our pre-configured canopies with LED down lighting, to custom elements created for site-specific large-scale installations, Elevate is truly a work of Fine Art!

Challenge us to "Elevate" your uniquely designed environment. Canopies available in standard silver leaf or standard soft gold leaf.

OUR STUDIO GLASS IS INDIVIDUALLY HANDMADE.

In all studio glass, slight variations in shape, size, markings and bubbles are inherent in the process, and are the characteristics that distinguish handmade studio art glass from mass produced glass work.

AZU

This collection is inspired by the craftsmanship of fine jewelry, runway fashion trends, and the beauty of nature itself. Its name is short for Azucena, a “Madonna Lily” in Spanish. The flirtatious interplay of crystal and metal floral adornments creates a romantic atmosphere emanating feelings of joy and the celebration of life. Azu is offered in three new stunning finishes: silver leaf, gold leaf and winter blossom white gesso, all with white and gold brushed floral adornments.
