CURATA

dining room • bedroom • living room tables
accents • home entertainment • home office

Create a curated chic modern look with an eclectic mix of sophisticated materials and finishes in the Curata Collection.

Curata, meaning “curated” in Italian, mixes materials like black nickel, stainless brushed brass and marble with three distinct rustic modern finishes for a simple, yet urbane design.

Inspired by timeless shapes and chic materials, Curata exudes a “less is more” feel by spotlighting the design of each piece and giving precise attention to detail.

Pieces are crafted of oak veneers and offered in three compelling finishes with natural appeal: Midnight, Mountain Modern and Stonewash.

A whole home collection, Curata offers bedroom, dining, living room and home office pieces with an earthy and warm yet thoroughly modern and sophisticated appeal.

Elements

Sleek shapes, soft curves and mixed materials give a sophisticated and modern simplicity to Curata.

Elements like plated black nickel, stainless brushed brass and marble blend eclectically, and rustic modern finishes exude a cosmopolitan yet natural vibe.

Midnight - is the darker brown finish
Mountain Modern - is the medium greige finish
Stone Wash - is the light finish

Modern, yet natural finishes mix effortlessly in Curata. They include Midnight, a deep brown; Mountain Modern, a medium greige and Stonewash, a light driftwood color.

Hardware is a sleek pull in materials such as Lucite and brushed brass, stainless steel or a simple brushed brass knob.

Drawer Construction & Operation

- Full height, full depth and full width drawers for maximum storage capacity.

- All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use.

- Plywood drawer bottoms are attached to plywood drawer sides for strength and durability.

- Our top-of-the-line bedroom collections include bottom drawers on major case pieces that are cedar-lined for the aromatic benefit and preservation of clothing.

- Some night stands offer receptacles on the back of case.

Quality From Start To Finish

Of all the aspects of wood furniture, the finish most visibly reflects its character, quality and style. While the finish is one of the last things we do, it's the first thing you see. That's why at Hooker, we utilize a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes "feel" as good as they look, with a smoothness that is delightful to the touch.

Wood & Veneer Construction

Many of our furniture items are constructed of hardwood solids and veneers or hand-painted finishes over durable wood products such as medium density fiberboard (MDF) and particle board. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture. Due to a wide variety of wood species and decorative designs used in our furniture styles, variations in construction are possible.
