

CASTELLA

HOOKER®  
— FURNITURE —

# CASTELLA Design Elements

Featuring Classic European design elements in an updated mid-tone brown with a beautiful patina, Castella is designed for the sophisticated consumer who appreciates a casual style, but is looking to invest in timeless quality furniture with premier construction, quality materials and premium finishing.

Crafted of quartered walnut, quartered black walnut, quartered ash and maple veneers, the impressive scaling of the collection combines with classic design elements including scrolls, serpentine shapes, rope twist molding, acanthus leaf details and fleur-de-lis accents to create old world charm. Infused with emotion, yet approachable, the collection's exuberant scale and timeless motifs define its casually opulent style.

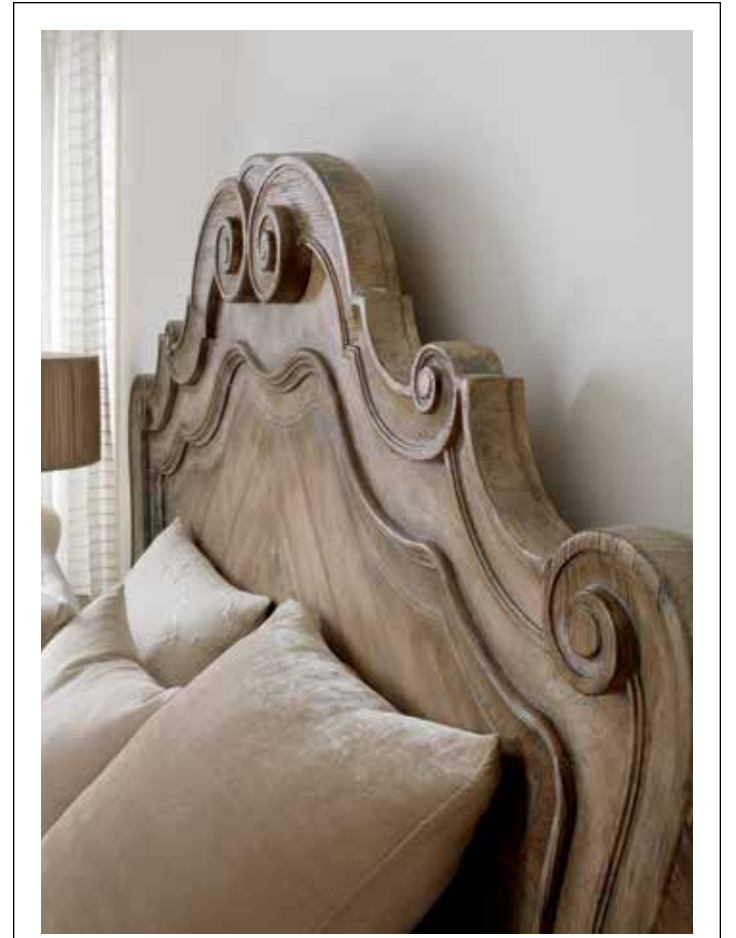

Anchoring the dining room category is the rectangular trestle base dining table which makes a grand statement with its carved border and scrolled bases in harp-like motifs. Additional table options include a more casual round table with an urn shaped base –available with a 60- or 72-inch table top – and a counter-height round table that can serve double duty as a foyer or hall piece. A variety of dining chair options include acanthus leaf and fleur de lis detailing on the backs, host-style chairs with decorative cross bases, tufted slipper-style chairs, a

streamlined arm and side chair and a counter stool. Coordinating storage pieces include an arched bunching curio with display lighting.

Two bed options are available, including a tufted bed and panel bed. The tufted bed features grand scaling with soft, sweeping lines upholstered in a neutral-tone performance fabric with luxurious tufting. The panel bed is characterized by its chevron veneer pattern and elaborately carved headboard, adorned with a grand interpretation of a recurring scroll motif. Additional bedroom pieces include an urn pedestal nightstand, a three-drawer nightstand, a twelve drawer dresser, a five-drawer chest, a media chest, a bachelors chest and a coordinating mirror.

Highlights of the occasional, home office and entertainment pieces include a square cocktail table and end table, a credenza and accent console, an entertainment console, and an executive home office assortment including a swivel desk chair and a writing desk.

## Quality

### Drawer Construction & Operation

- Full height, full depth and full width drawers for maximum storage capacity.
- All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use.
- Plywood drawer bottoms are attached to plywood drawer sides for strength and durability.
- Our top-of-the-line bedroom collections include bottom drawers on major case pieces that are cedar-lined for the aromatic benefit and preservation of clothing.
- Some night stands offer receptacles on the back of case.

### Fabric

Upholstered items in Castella feature "Performance Fabrics" that offer superior stain and fade resistance, long-lasting durability and can be easily cleaned.

### Quality From Start To Finish

Of all the aspects of wood furniture, the finish most visibly reflects its character, quality and style. While the finish is one of the last things we do, it's the first thing you see. That's why at Hooker, we utilize a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes "feel" as good as they look, with a smoothness that is delightful to the touch.

### Wood & Veneer Construction

Many of our furniture items are constructed of hardwood solids and veneers or hand-painted finishes over durable wood products such as medium density fiberboard (MDF) and particle board. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture. Due to a wide variety of wood species and decorative designs used in our furniture styles, variations in construction are possible.

Headquartered in Martinsville, Va., Hooker Furniture employs approximately 600 people at our Virginia and North Carolina locations. Our high-fashion custom upholstery by Sam Moore Furniture is manufactured in Bedford, Va., and our upscale leather upholstery line is manufactured in Hickory, N.C. by Bradington-Young. Our designers travel the world to find artisans and craftsmen who uniquely possess the necessary skills to meet our high quality standards.

We strive to provide an accurate representation of our finishes but due to changes in lighting and printing limitations, some color variation is possible. To determine the exact color of a finish, we suggest you visit a Hooker Furniture Retailer to see the actual product.

Hooker Furniture strives to make the world a better place to live through leadership in all of our business practices.
