*How do you marry a passion for
opulence with a casual lifestyle?*

The groundbreaking **Rhapsody
Collection** is the answer, bringing
together classic design elements, grand
scale and a relaxed rustic finish to create an
impassioned marriage of casual opulence.

Exuberant scale and serpentine shapes
infuse the pieces with emotion, while
timeless motifs like scrolls, rope twist
molding and the acanthus leaf anchor
Rhapsody in old world charm. Building
on the grand scale and classic European
design is the defining element of the
collection: a walnut-colored finish inspired
by the natural yet rustic nature of reclaimed
woods in beautiful patinas. Multiple wood
veneers include pecky pecan, hickory,
walnut, ash and maple over poplar
solids, adding character through color
variations, knots and striate. In addition to
the standard walnut-colored finish, three
accent finishes offer stylish looks such as
hand painting, tipping and crusting effects
over the wood grains.

Design Elements

design

Grand scale, ornate carvings and serpentine shapes infuse Rhapsody with opulence, and timeless motifs like rope twist molding and the acanthus leaf celebrate the collection's traditional European roots--updated for today's lifestyles. Details such as chevron veneers and gadrooned edges delight both the eye and the hand. The original inspiration for Rhapsody was a scroll carving which became a recurring theme throughout the collection used on several signature pieces.

standard finish/hardware

The defining element of the Rhapsody collection is a walnut-colored finish inspired by the natural yet rustic nature of reclaimed woods in beautiful patinas. The mixture of pecky pecan, hickory, walnut ash and maple veneers over poplar solids creates character through variations of color tones in the wood, knots and striate, adding to the natural, casual feel. Rhapsody's custom antique silver hardware includes a decorative pull with a scroll motif, two sizes of carved floral knobs and a custom drawer pull.

The Rhapsody arm chair features an embroidered insignia design on the front and the back side of the chair back as a lovely focal point. Note that the insignia designs are reversed on each side for added drama. The Rhapsody side chairs feature a plain fabric without an insignia.

accent finishes

This rustic hand painted finish emulates a piece that has undergone years of refinishing with traces of each layer of paint remaining.

Inspired by today's casual living, this finish has a rustic raw wood look that suggests the feeling of an antique barn door.

A naked bleached patina in a parchment color emulates a serene, natural wood tone.

Reminiscent of an old world European antique, this soft timeworn finish with silver leaf accent lends itself to several Rhapsody items, creating a well-traveled look at home.

Quality Cues

What to look for in finishes, drawers and wood furniture construction

Quality from start to finish

Of all the aspects of wood furniture, the finish most visibly reflects its character, quality and style. While the finish is one of the last things we do, it's the first thing you see. That's why at Hooker, we utilize a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes "feel" as good as they look, with a smoothness that is delightful to the touch.

Drawer Construction & Operation

- Full height, full depth and full width drawers for maximum storage capacity
- All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use.
- Plywood drawer bottoms are attached to plywood drawer sides for strength and durability
- Our top-of-the-line bedroom collections include bottom drawers on major case pieces that are cedar-lined for the aromatic benefit and preservation of clothing.
- Some night stands and bachelor's chests offer receptacle on the back of case and touch lights under the case.

Wood & Veneer Construction

Many of our furniture items are constructed of hardwood solids and veneers or hand-painted finishes over durable wood products such as medium density fiberboard (MDF) and particle board. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture. Due to a wide variety of wood species and decorative designs used in our furniture styles, variations in construction are possible.

Classical design motifs from ancient Europe such as the urn shape used on the round dining table base give a historical resonance to Rhapsody. Adding to this classical pedigree is the recurring theme of the scroll motif, used as a repeated detail across the top of the credenza and even as a motif on the front of the arms of the comfortable upholstered arm chairs.

Other delightful details include acanthus leaf carving around the table base and rope twist molding at the base of the credenza. The credenza features three drawers with a drop front center drawer, four doors with one adjustable wood shelf behind each side door and one adjustable shelf behind the center doors.
