Elements

Miramar Point Reyes

The globally inspired Miramar collection features three distinctive looks that come together through the creative use of mixed materials including stone, honed Carrera marble, embossed leather accents, textured resin, seeded glass, metal accents and a variety of textured fabrics.

Crafted with combinations of rustic & flaky oak, each of the groups offer a unique design aesthetic. While each group stands on its own, pieces from Aventura, Point Reyes and Carmel can also seamlessly blend together to create a truly, one-of-a-kind, curated look.

Miramar Aventura

Aventura offers simple, pure forms with linear lines in rustic oak with a smoky finish, Point Reyes incorporates a casual, modern design with a Southern California feel with its flaky oak, soft two-tone finish, while Carmel features an organic modern story that pairs flaky oak with woven danish cord and textured metal.

Drawer Construction & Operation

- Full height, full depth and full width drawers for maximum storage capacity.
- All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use.
- Plywood drawer bottoms are attached to plywood drawer sides for strength and durability.
- Our top-of-the-line bedroom collections include bottom drawers on major case pieces that are cedar-lined for the aromatic benefit and preservation of clothing.
- Some night stands offer receptacles on the back of case.

Fabric

Upholstered items in Miramar feature "Performance Fabrics" that offer superior stain and fade resistance, long-lasting durability and can be easily cleaned.

Quality From Start To Finish

Of all the aspects of wood furniture, the finish most visibly reflects its character, quality and style. While the finish is one of the last things we do, it's the first thing you see. That's why at Hooker, we utilize a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes "feel" as good as they look, with a smoothness that is delightful to the touch.

Wood & Veneer Construction

Many of our furniture items are constructed of hardwood solids and veneers or hand-painted finishes over durable wood products such as medium density fiberboard (MDF) and particle board. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture. Due to a wide variety of wood species and decorative designs used in our furniture styles, variations in construction are possible.

Miramar Carmel

Our Miramar Carmel design features an organic modern story in flaky oak veneers.

The low-profile, modern, Lucio Woven Panel Bed woven with Danish cord offers textural interest to Carmel. The interplay between the coarsely woven texture of the bed with the Flemish gray, sand-blasted finish provides an abundance of dimensional appeal.
